

Executive Summary

Project Vision

Position JWD as:

"The Bridge Between Japan and Dubai Real Estate & Wealth Creation"

Target customers:

1. Japanese investors
2. High-net-worth individuals (HNWI)
3. Family offices
4. Business owners
5. Retirees
6. Parents considering overseas education
7. Foreign investors interested in Japan

What the Clients Actually Want

From the discussion, the website should achieve five objectives:

① Generate Leads

Acquire:

- Dubai property buyers
- Japan property buyers
- Family office clients
- Investment fund investors

② Build Trust

Show:

- Real transaction data
- Price history
- Rental yield
- Visa information
- Tomo's own portfolio
- Success stories

③ Educate Investors

Explain:

- Why Dubai
- Why Japan
- Tax advantages
- Inheritance planning
- Visa benefits
- Currency opportunities

④ Provide Analysis Tools

Include:

- ROI simulation
- Rental yield calculator
- Capital gain estimator
- Mortgage calculator
- Price trend analysis

⑤ Create Recurring Revenue

Future Subscription Model:

- ¥30,000–50,000/month
- 500 Japanese real estate companies

This becomes a B2B platform.

This structure aligns almost perfectly with what the client repeatedly emphasized throughout the meeting and would position JWD as a premium Japan–Dubai investment platform rather than just another real estate brokerage website.
